

THE EVENING BULLETIN.

VOLUME XIII.

MAYSVILLE, KY., SATURDAY, FEBRUARY 17, 1894

NUMBER 73.

PECKHAM REJECTED.

The Senate Refuses to Confirm the Nomination.

A VOTE OF 32 YEAS TO 41 NAYS.

Nothing Else Done in the Senate as the Entire Day Was Devoted to This One Subject—Mr. Bland Fails to Secure a Quorum in the House on His Seigniorage Bill.

WASHINGTON, Feb. 16.—The senate adjourned a few minutes past 4 o'clock yesterday afternoon after spending the better part of two days considering the nomination of W. H. Peckham, of New York, to be associate justice of the supreme court. The vote has just been taken on a motion to confirm the nomination and the result, which was rejection by a vote of 32 to 41, was known.

The proceedings of the executive session prior to the taking of the vote consisted entirely of speechmaking. Senators Vilas, Mitchell of Oregon, George and Gray speaking for confirmation and Senators White of California and Hawley against. All the address except those of Senators Vilas and George were very brief and consisted mainly of explanations of the votes of the speakers.

Occasionally there is heard speculation as to what will be the president's course in view of the rejection of the second of his nominees for the associate justiceship. No one whose opinion is of value will venture a surmise or suggest a name. The supreme court is now in recess and will be until the 5th of March, so that the necessity for a full bench will not be urgent until that time.

In the House.

WASHINGTON, Feb. 17.—Mr. Bland yesterday began his coercive tactics to compel a vote on the silver seigniorage bill. The bulk of the Republicans and the Democratic opponents of the measure inaugurated a filibuster with the intention of forcing him to produce a quorum of the advocates of the bill to pass it, and the entire day was consumed in roll calls. The highest number of votes Mr. Bland was able to poll was 15; in favor of his demand for the previous question on the motion to close debate. Of these, 145 were Democrats, nine Populists and nine Republicans.

Mr. Page of Rhode Island and Mr. Ryan of New York refused to join the filibuster, but voted against the motion. The Republicans who voted with Mr. Bland were as follows: Bowers, California; Broderick, Doolittle, Funston, Marsh, Hermann, Post and Sweet.

At 4 o'clock, Mr. Bland abandoned any further attempt to secure a quorum, and after passing a resolution instructing the sergeant-at-arms to telegraph for absentees, recess was taken until 8 o'clock, the evening session being devoted to the consideration of private pension bills.

At the night session, the first one of this congress, for the consideration of pension bills, Mr. Kilgore of Texas blocked all proceedings. Mr. Martin, chairman of the committee on invalid pensions, announced that there were but 34 bills on the calendar. He moved to go into committee of the whole. Mr. Kilgore promptly demanded a division, which developed the presence of but 22 members, and Mr. Kilgore made the point of no quorum. The house then adjourned.

STREETCARS COLLIDE.

Three Women and One Man Severely Injured at St. Louis.

ST. LOUIS, Feb. 17.—In a streetcar collision at 11:45 o'clock Friday, three women were probably fatally injured and a fourth passenger, a man, had his leg severely crushed. The collision occurred at Grand avenue and Morgan street, where a westbound suburban electric car, carrying 18 passengers, was struck squarely in the center by a southbound Lindell electric car, the tracks crossing at that point, and hurled from its trucks, a mass of splintered wood.

The Lindell car, which carried 22 passengers, was very badly damaged and derailed. The overturned car was so badly wrecked that it was with difficulty the passengers were taken out. But fortunately all but two escaped with nothing but scratches. These two were Mrs. Mary Noon, 1625 Clark avenue, crushed and bruised, with internal injuries; probably fatal, and Miss Jennie O'Rourke, Sixteenth street and Clark avenue, internal injuries, taken out unconscious and probably dying.

In the Lindell car Mrs. Emily Wilkerson was cut very severely, but it is thought not fatally. The man who was injured in the leg was carried away before his name could be learned.

The wreck was the most complete that has ever taken place on the surface road in this city, and how, with so many passengers, there were no more injured and none killed, can not be explained. The force of the collision was so great as to almost destroy the suburban car, while the Lindell car is in little better condition. Traffic on both roads was stopped for nearly two hours.

Storm Damages in Germany.

BERLIN, Feb. 17.—It is estimated that the damage done by the recent gale, in this city alone, will amount to 100,000 marks. Throughout Germany there were 21 deaths and 400 people injured through accidents due to the severity of the storm.

May Brooklyn Poisons Herself.

SAN FRANCISCO, Feb. 17.—May Brooklyn, one of the leading ladies of the Palmer Stock company, which is playing at the Baldwin theater, committed suicide by taking poison. She played the part of Mistress Pace in "Alabama."

YELLOW FEVER AND WAR.

Brazil at the Present Time Is Pretty Seriously Afflicted.

RIO JANEIRO, Feb. 17.—Yellow fever is on the increase here. There were 60 deaths from that disease yesterday in addition to 15 deaths from other fevers.

The captain of an Australian warship in these waters died yesterday, and there are a number of other cases on board the same ship.

A Portuguese warship here is also infected with yellow fever, and the situation is growing serious so far as foreigners are concerned.

The American warships only communicate with the shore by means of a hired tug, and the greatest precautions are observed on board all the American ships.

Admiral Benham has conferred with the commanders of the American vessels and nothing will be left undone which can lead to preserving the health of the American sailors.

The British warship Racer also has some cases of fever on board and the merchant vessels at this port are reported to have several members of their crews sick under suspicious circumstances.

Yellow Fever on the Newark.

WASHINGTON, Feb. 17.—There is no longer doubt that yellow fever has made its appearance in the United States fleet at Rio and that the Newark is now a fever ship. A cablegram received from Admiral Benham at Rio reads:

"One man on the Newark ill with yellow fever. I have transferred him to the hospital. I shall send the Newark to Rio de la Plata. As a precautionary measure against yellow fever, I will send vessels, except flagship just outside the harbor within call. Every precaution has been taken. Health of officers and crew is good."

Da Gama's Sailors Make a Capture.

Buenos Ayres, Feb. 17.—Advisers from Rio Janeiro say that Admiral Da Gama's sailors have captured the stores of guns and ammunition at Fort Aranacao.

Another dispatch says that the Brazilian minister of marine has gone to Bahia to try to put an end to discussions among the officers of President Peixoto's fleet at Bahia.

Thieves Identified.

WATERLOO, Ind., Feb. 17.—The clothing store J. Oppenheimer was robbed Thursday night. The thieves left their old garments and in the pockets of a coat identified as belonging to William Timmerman, a local thief who has served two years in Michigan City, was found a letter which leads the authorities to suspect that he was implicated in the Kendallville train robbery last fall. Timmerman and Joseph Ingerson, who also bears a shady reputation, are known to have left for Chicago early yesterday morning and the chief of police has been notified. It is thought they will soon be arrested.

Arrested for Forgery.

EVANSVILLE, Ind., Feb. 17.—E. W. Kent was arrested here last night for having obtained money on a forged check. It was drawn on the Louisville Bank of Commerce and signed by J. S. Kent. Karl Zeidler, the manager of the Sherwood House, endorsed it and he is the victim who will lose the money. Investigation shows that Kent worked the same scheme at Cynthiana, Ky., and Washington, Ind. He is badly wanted at Richmond, and was run out of Covington by a vigilance committee. Checks for over \$10,000 were found on him and he does not want his past record investigated.

A Lynching Probable.

BIRMINGHAM, Ala., Feb. 17.—Near Stanton, a small town 70 miles from here, an unknown colored man went to the home of Mrs. Rucker, an aged white woman, and criminally assaulted her. She screamed for help, when the colored man shot her twice, outraged her and fled. The wounded woman was found in a dying condition, and was able to tell the horrible story with difficulty. A posse was summoned. One colored man was arrested and was about to be lynched, when he proved an alibi and was released. Armed men are scouring the woods for the guilty party.

A Large Gas Well Breaks Loose.

MUNCIE, Ind., Feb. 17.—A monster gas well belonging to the Indiana Iron company broke loose at West Muncie, and it has been found impossible to get control of it. The well has a capacity of 4,000,000 cubic feet per day, and when the anchorage broke loose there was a mighty roar that could be heard for miles around. The earth trembled in the vicinity of the roaring monster, and expert drillers are puzzled as to how they will recover control of the well.

A New Steamboat Line.

TOLEDO, Feb. 17.—G. E. Jaques of Montreal and A. B. Mackey of Hamilton, Ont., are in this city with a view to the establishment of a steamboat line between Toledo and Montreal. They have decided to put on the steamers Acadia and Melbonne, and will make connections at the Canadian port with ocean steamers for Liverpool and other ports. The boats named are the largest that can pass through the St. Lawrence canal.

Not Guilty.

LEBANON, Ind., Feb. 17.—The jury in the Oaks murder case returned a verdict of not guilty at 2:20 yesterday afternoon on the first ballot. Oaks was on trial for the murder of James B. Pitts in the recent Big Four riots at Indianapolis, and the case was tried here on change of venue.

A Big Mortgage Filed.

DAYTON, O., Feb. 17.—A mortgage was filed here yesterday by the United States Cordage company to the United States Trust company of New York to secure bonds in the amount of \$7,500,000. The mortgage is on the different cordage plants in the United States.

NO BOOM IN BUSINESS

A Record Breaking Week in Trade Transactions.

R. G. DUN & COMPANY'S REPORT.

In Wheat, in Silver, in Some Forms of Iron and Steel, in Connellsville Coke and in Well Known Cotton and Woolen Goods the Lowest Prices Ever Known Have Been Made.

NEW YORK, Feb. 17.—R. G. Dunn & Company's weekly review of trade says: This has been a week of record-breaking. In wheat, in silver, in some forms of iron and steel, in Connellsville coke and in well known cotton and woolen goods, the lowest prices ever known have been made, and it is gratifying that failures of importance have not resulted.

While no action especially affecting business prospects was taken at Washington, the continued discussion of revenue and monetary measures, and the uncertainty regarding them, have a constant unfavorable influence and in different markets have caused sudden fluctuations in prices.

Wheat at 80 3-8 cents is not only lower by 4 1-4 cents than it was for a single day last year, but lower by 13 1-4 cents than it had ever been in the previous 77 years. A visible supply of over 79,000,000 bushels, Feb. 10, with sales and receipts from farms continuing large has completely destroyed faith in the official reports of the yield last year, and caused enormous liquidation. Receipts last week were but 1,810,314 bushels against 2,901,048 for the same week last year, but Atlantic exports were only 659,062 bushels against 1,018,015 last year, and the recent decrease in foreign demand has been an important factor.

Some trust companies have arranged to advance money against wheat as collateral security, but with results not as yet encouraging. Corn and other products illustrated a little, though receipts of corn were large. Cotton declined an eighth with increasing distrust of short crop estimates. The receipts from plantations this week have been larger than a year ago, and at no time small enough to support the idea that the crop of 1893 was but 6,600,000 bales, which would mean that less than 800,000 bales have yet to come into sight in over six months.

The slight recovery in prices of iron products has not been maintained. Bessemer pig has declined at Pittsburgh to \$10.65 and grey forge to \$9.65, and steel billets are sold below \$16 there, while at Philadelphia most rolling mill products are lower than ever. The decline is more noteworthy because an increase in the demand is reported, both in eastern and western markets, especially in structural forms at the west and here, where several large buildings are projected. The demand for wire rods, nails and fence, continues remarkably large and sustains prices, but rails are stagnant.

Connellsville coke sells at 85 cents, the lowest price ever made, and while the output increased to the week 1,638 tons, only 51 per cent of the ovens are in use. Heavy reduction in the price of lake ore is reported, with large contracts at \$2.75, Cleveland delivery. Minor metals are weaker with restricted consumption. Shipments of boots and shoes from the east are 19 per cent less than a year ago, with cheaper grades predominating in orders and in manufacture, and not many factories fully employed.

Textile industries do not seem to have gained within the past week, for as many works have closed as have resumed work and in woolen and cotton manufacture rather more. There has been a sharp break in print cloths to 2 3-4 cents, some of the best known cottons have been put at the lowest prices ever made and there is more talk of general closing of mills. The demand for woolen goods does not improve and sales of wool decreased sharply after the brisk activity two weeks ago, being only 4,114,591 pounds for the week, against 5,826,300 last year. Though some grades are scarce and prices relatively higher west than here the markets do not advance.

Exports of merchandise were about \$500,000 smaller for the week than last year, and for six weeks the increase has been only \$3,100,000, or 7 1-2 per cent, but imports last week were little more than half as large as last year, and for the year thus far the decrease is about 42 per cent.

Failures for the week have been 323 in the United States, against 197 last year, and 55 in Canada, against 36 last year. Though several were of some magnitude, the aggregate of liabilities was apparently below the weekly average for January. For the week ending Feb. 8, the liabilities thus far reported were only \$4,070,657.

With nearly complete returns for January, the aggregate of liabilities in 2,080 failures is \$9,916,497, of which \$11,631,305 was of manufacturing and \$18,193,476 of trading concerns.

Confessed to Being a Jail Breaker.

LAFAYETTE, Ind., Feb. 17.—A tramp who applied for lodgings at the city prison confessed that he was Samuel Young, alias John Smith, who escaped from the Kokomo jail with Calvin Armstrong, the convicted Tipton county embezzler. He says that he and Armstrong sawed the jail bars a week previous to their escape, and says the jail officials' negligence gave them the opportunity to escape. He has not seen Armstrong since they left jail together.

Negro Sentenced to Death.

OKLAHOMA CITY, O. T., Feb. 17.—John Milliken, the negro murderer, was today sentenced by Judge Scott to be hanged April 6. He received the sentence without betraying the slightest feeling.

STEAMER PARIS DISABLED.

She Breaks Her Rudder When About 800 Miles From Land.

QUEENSTOWN, Feb. 17.—The steamship Adriatic of the White Star line, which left New York on Feb. 7 for Liverpool, passed Browhead Friday morning, and upon arrival here reported passing a large, disabled passenger steamer off Dant's rock, south of Ireland. The steamer was at anchor and did not seem to be in need of assistance. The Adriatic's commander expressed the opinion that the disabled steamer was the Paris of the American line.

Some details of the disaster to the Paris reached here through a boat's crew which landed from the Paris, not far from Dant's rock. The officer in charge of the boat made his official report to the company. In this report the officer says that the rudder of the Paris was carried away or very seriously damaged on Monday evening when the steamer was about 800 miles to the westward. The boat's crew were also instructed to report that all were well on board and that there was absolutely no danger of anything further happening to the steamer.

It is thought probable that the Paris will be assisted back as far as this port, where temporary repairs may be made to her rudder, and it is believed that she will then make for Queenstown in order that the repairs may be completed.

The Paris had 189 saloon passengers on board, 116 second class passengers, and 230 steerage passengers. The officer of the Paris says that at no time was there any serious danger and that the passengers took the matter coolly when informed that an accident to the steamship would necessitate her return to Southampton or Queenstown.

The disaster was caused by the breaking of the rudder in what is known as the trunk. The Paris is expected here shortly, and it is said that her passengers will be embarked upon a Cunard steamer and forwarded to their destination, New York, as soon as possible.

OCEAN STEAMER SINKS.

But One of the Fifteen Men on Board Saved.

SAN FRANCISCO, Feb. 17.—Sydney advises that the iron steamer Alert while on her voyage from Port Albert to Melbourne recently, sank during a terrible gale, and of the 15 men aboard but one managed to reach land and tell the story of the disaster.

When the Alert left Port Albert she had a crew of 12 men all told, besides two passengers in the saloon. When the steamer rounded Cape Schanck a southwesterly gale was blowing with hurricane violence. An enormous green sea broke on board and as the steamer rolled the sea filled the decks flush with the rails, carrying off everything movable, and passed down the hatches and skylights into the vessel.

The fires in the engineroom were put out at once and all hands were scarcely on deck before one sea after another broke over the steamer, burying her to the gunwhale. Then she suddenly went under their feet and all were left struggling in the waves.

Ponting, the cook, managed to get hold of a cabin door and clung to it all through the night. When day was breaking he touched sandy bottom, staggered a few steps up the beach and fell unconscious, remembering nothing more until he saw his rescuers around him near Schanck light.

Overdose of Morphine.

MC CONNELL'SVILLE, O., Feb. 17.—Dr. M. B. Davis of Rossau, Morgan county, O., died last night under peculiar circumstances. He had been suffering for several days with hemorrhages of the lungs. He had become despondent, and to alleviate this suffering, took a large dose of morphine. When found, he was too far gone to save his life. It is thought by many that financial troubles caused him to take his own life, but his friends claim that it was an accident. Dr. Davis was 45 years of age and leaves a wife and seven small children.

TWO Farmers Quarrel.

SPRINGFIELD, O., Feb. 17.—At West Liberty, Jacob Riel is lying in a condition which may result fatally. At the close of church services the other evening, Riel and Thomas Richardson received an old quarrel. Somebody threw a snowball in Riel's buggy, and thinking it was Richardson he attacked him with a buggy whip. Richardson retaliated by using a heavy fence picket. Riel is badly injured about the head and is likely to die. Both are young farmers.

No Hope to Save the Kearsarge.

COLON, Feb. 17.—The authorities at Washington have been in communication with Admiral Stanton, recently in command of the wrecked cruiser Kearsarge, as to the possibility of saving the hull of that historical craft. It is understood that Admiral Stanton and the officers of the Kearsarge have expressed the opinion that there is little or no chance of ever floating the Kearsarge again.

Fair, followed by cloudy weather; warmer; south winds.

WHAT has the editor of the Ledger been doing that he should be so anxious for the grand jury to adjourn?

THE VANCEBURG SUN wants the Republicans to nominate Colonel W. O. Bradley for Governor. The Sun needn't get restless over the matter. If the Colonel wants the nomination, he'll get it.

MORE GOOD NEWS.

"The Chicago clothing manufacturers, so long idle, are again busy and more than hopeful," says the New York World. "The signs of promise in their business are beyond misapprehension. The demand for clothing, long suspended, is growing greater than they can meet, in spite of the sacrifice of enormous stocks by embarrassed makers and merchants during the last few months. Their renewed activity is already taxing the capacity of the mills to supply cloths, and calling into active service thousands of workmen who have been idle for months. And what is true of Chicago and the clothing trade is true of other industrial centres and other departments of industry. The revival of business has begun more than hopefully."

"TELL THE TRUTH."

In years past strikes have been organized to secure an increase of wages. Under free trade they will be organized to resist a decrease. Quite a difference if you will stop to think—Public Ledger.

Still at your misrepresentations. Within ninety days after the McKinley law went into effect the pottery and crockery trust with headquarters at Trenton, N. J., made a reduction of 22 per cent in the wages of its employees. A strike followed, and the matter was finally compromised at a reduction of 7 per cent. And this attempted reduction of 22 per cent was made in face of the fact that the makers of crockery and pottery were allowed an increase of 5 per cent in duty by the McKinley bill. This trust, in 1891, the year before the McKinley bill became a law, shared profits of \$410,000 among five members. They were not getting rich fast enough, however, and secured an increase in their tariff protection and then cut wages. What a philanthropic set are these protected mill owners and Republican pets.

"Tell the truth," and quit misrepresenting things hereafter, Br'er Davis.

INDORSED THE WILSON BILL.

Mr. Thomas G. Shearman, the well-known political economist, has recently concluded a short campaign in New York in behalf of radical tariff reform. Here is his account of his experiences:

I have addressed successively meetings in Paterson, Amsterdam, Troy and Cohoes, all hotbeds of protection, where not a single Democratic office-holder or ex-office-holder or manager of any kind dared to avow himself publicly in favor of the Wilson bill, and where every man of them professed opposition to free trade. At three of these places even the Democrats who had invited me to speak were afraid to show themselves upon the platform; and the very men who paid for the expenses of the hall would not allow their names to appear. In everyone of these places a crowd poured out to the meetings, such as could seldom be seen at election time. No hall was large enough to accommodate the crowds that came. Every hall was crammed; and not only was every seat filled, but every spot in which anybody was allowed to stand. Everywhere, except in Troy, the audience exceeded 2,000 in number; and in Troy 3,000 would have attended, but that the only hall to be obtained would not hold more than about 1,000. In every instance the audience stayed for three hours and were then unwilling to go. There were no external attractions, no band, no fireworks, nothing except plain, straightforward talk. In every one of these places the address was based upon free trade principles, and ridiculed moderate protection just as mercilessly as McKinley protection.

In every instance the audience was at the outset largely opposed to these views.

Paterson was the only place at which even a bare majority was in favor of any tariff form. In the other places it was perfectly obvious that, at the outset, more than three-fourths of the audience were hostile. Yet, after an explanation of the cause of the panic and financial depression, the feeling of every audience was completely changed; and resolutions in favor of the Wilson bill were carried in three of the meetings by perfectly overwhelming majorities. In the fourth meeting the matter of resolutions was forgotten, or they would have been carried in that as well as in the other.

PERSONAL.

Messrs. J. B. Durrett and E. A. Powell were among the visitors on 'Change at Cincinnati Thursday.

MISS LIZZIE FLANNERY, of Cincinnati, returned home yesterday after spending several days with the Misses O'Donnell, of Market street.

MR. H. C. CURRAN was a member of the Committee on Permanent Organization at the State convention of the Y. M. C. A., which met at Covington Thursday.

MISS MARIETTA HAWKINS and Miss Fannie Carrick, of Scott County, and Miss Mary Johnson, of Bucyrus, O., are guests of Misses Anna and Fannie Fraze. Miss Mary Carrick is expected Monday.

MISS AUGUSTA CHRONICLE: "Miss Phoebe Marshall, of Washington, Ky., has been the guest of Mrs. Lou Marshall the past week. Miss Marshall is the daughter of Hon. Martin P. Marshall, and is a very pleasant and accomplished lady."

A MILLION FRIENDS.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for consumption, coughs and colds. If you have never used this great cough medicine, one trial will convince you that it has great curative powers in all diseases of the throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at J. J. Wood's drug store. Large bottles 50c. and \$1.

THE ASSOCIATED CHARITIES.

The relief fund raised a year ago, through the efforts of the BULLETIN, was not all expended. There was a balance of \$53.40, left in the hands of the Treasurer of the Relief Committee. The Committee decided to hold it for future use. This \$53.40 was paid over to the Associated Charities this morning by Mr. Kackley, and will be used in the good work now being carried on by the relief committee recently organized.

THE PATH TO PROFIT IN HORSE-BREEDING lies along the line of the production of strictly high-class horses.

THE CENTRAL PRESBYTERIAN CHURCH, Preaching morning and evening at the usual hours, by the pastor, Rev. W. O. COCHRANE. All invited and made welcome.

THE SERVICES AT THE CHURCH OF THE NATIVITY TOMORROW will be: Sunday school at 9:30 a. m.; litany, morning prayer, sermon and holy communion at 10:30; evening prayer at 7. Services every day during Lent at 4 p. m., except Friday, when it is at 7:30.

SERVICES IN THE FIRST PRESBYTERIAN CHURCH TOMORROW morning and evening conducted by the pastor. Church Sabbath school at 9:30 a. m. Mission Sabbath school in the German church at 2:30 p. m. Westminster S. C. E. at 6:30 p. m. Weekly prayer meeting Thursday evening at 7 o'clock. The public generally are invited to attend all these services.

EVANGELIST W. P. FIFE, of Charlotte, N. C., will begin meeting in this city March 25. He is quite a noted evangelist, and will come here from Washington City, after assisting Mr. Moody in his great meeting at the National Capital. It is expected that all the churches of our city will unite in this movement. Preliminaries will be arranged later by the pastors.

THE REVIVAL IN MITCHELL CHAPEL, SIXTH WARD, IS SOMETHING WONDERFUL. People are converted at every service. The interest is still spreading. The Ledger of yesterday said it had been going on five weeks and would close to-night. There is no foundation to either of these statements. It has been in progress but four weeks and will not close to-night. Surely they took the above from anonymous notes. To date there have been fifty-one additions and seventy-one conversions and a multitude calling for prayers. In the face of these figures, think of the tameness of the incognito's "Much good has been accomplished." The testimony of converted drunkards last night was enough to make the heart beat fast. Don't forget children's service to-day at 3 p. m. and preaching at 6:30 p. m. Services for to-morrow as follows: 10:30 a. m., admission of members and preaching. Subject, "Ahab and His Wife." Also preaching 6:30 p. m. To God give all the glory. LEONIDAS ROBINSON, pastor.

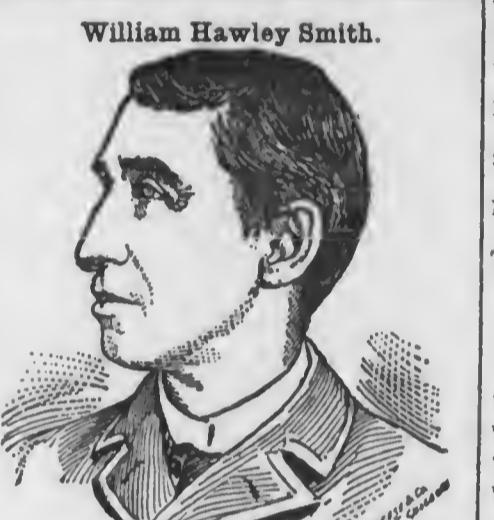

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Bill Nye and Mr. Smith will be at the opera house next Friday night, and one of the richest treats of the season is in store for those who attend.

FOUR BIG SUCCESSES.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, coughs and colds, each to be guaranteed—Electric Bitters, the great remedy for liver, stomach, and kidneys. Buckle's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill.

All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more. Sold at J. Jas. Wood's drug store.

SKIFF THIEVES ARRESTED.

Deputy Sheriff Warnock and Morton of Greenup brought Milo Allansworth and Win. Logan down this morning and lodged them in jail on a charge of grand larceny. The accused are charged with stealing a skiff from John Tolle, of this city, Jan. 20th.

Tolle has been after them ever since and caught them Wednesday. He recovered six fish nets, four of them having been stolen from a Manchester party.

A CANNERY AT DOVER.

A company was organized Thursday to start a cannery at Dover. The capital is \$2,500, the stock being subscribed by W. H. Thomas, James N. Boyd, Thad F. Moore and George C. Ladenburger, of Dover, and Job Inskeep, of Russellville, O., each taking \$500. The cannery will be located in the building formerly used as a saw and planing mill. The work of fitting it up will begin at once.

ANYBODY CAN HAVE FOR \$3.50 CASH ONE OF OUR BLACK OR BLUE CAPE MACKINTOSHES WHILE THEY LAST. WE WANT CASH AND MUST GET IT OUT OF OUR GOODS.

JOHN T. MARTIN & CO.

PARIS KENTUCKIAN: "Mrs. C. J. Nugent gave a reception at her home in this city Tuesday, February 6th. The occasion was a most happy one, being the twentieth anniversary of Mr. and Mrs. Nugent's marriage. Mrs. G. C. Lockhart and Mrs. A. T. Forsyth assisted in receiving. The house was beautifully decorated, the reception rooms were trimmed in holly, the coffee and chocolate were served amid a profusion of flowers. Low strains of music played a gentle accompaniment to the hum of voices. The presents were numerous and costly, including everything in china from a dinner set to a dainty pin tray. Some beautiful presents were received from friends in Flemingsburg, Carlisle and Maysville. May they live to enjoy many another anniversary."

MUSICAL AT HAYSWOOD.

The Chapel the Scene of An Enjoyable Entertainment Last Evening.

On last evening quite a number of persons enjoyed a very pleasant "musical" in the chapel of Hayswood. All the pupils who took part acquitted themselves in a most creditable manner and evinced a most careful training on the part of Miss Moore, the teacher of music. While every number on the program was listened to with great interest and enjoyment, some of the more advanced pupils elicited the greatest possible praise, having performed with great spirit and brilliancy. Miss Moore is to be congratulated upon her success with her class, and Dr. Hayes is to be much congratulated upon having secured her services. The following was the program:

Chromatic Etude.....	Moschles
The Broken Ring.....	King
Polka.....	Miss Fanule Reed.
Mazurka.....	Wolfhau
Laughing Waters.)	Miss Bessie Horrocks.
Sonata.....	Mozart
Duet—"Ernan!".....	Berger
Ricard.....	Gottschalk
Vocal Duet—"Spring and Love".....	Lasscer
Spring Song.....	Mendellsohn
West End Polka.....	D. Albert
Duet—"Hide and Seek".....	Gurlitt

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pilis, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

EVERY PACKAGE HAS THE Z STAMP IN RED ON WRAPPER.

A FEW FIGURES

That Will Prove of Interest to the Tax-payers of Mason County.

Statistics Gleaned From the Assessor's Books For This Year. Crops in 1893.

County Clerk Pearce has completed the work of making a recapitulation of the assessment for this year, and forwarded to the State Auditor Friday the figures required under the new law.

Some interesting figures are gleaned from this recapitulation. The grand total assessment of real and personal property, after all exemptions, amounts to \$9,388,824. The grand total last year, after all exemptions, was \$9,321,860. The increase this year, therefore, is \$66,964.

The exemptions this year are much larger than in 1893. Last year the exemptions amounted to \$178,210; this year the exemptions are \$357,189.

The following additional figures gathered from the recapitulation will prove of interest to tax-payers:

Amount of bonds.....	\$ 35,400
Mortgage notes.....	63,155
Other notes.....	278,307
Accounts.....	3,460
Cash on hand.....	70,375
Cash on deposit in bank.....	25,345
Cash on deposit with other corporations.....	900
Cash deposited with individuals.....	42,400
Other credits or money at interest.....	362,650
Acres of land.....	148,292
Valuation of same.....	5,662,492
City or town lots.....	2,694
Value of same.....	2,929,145
Thoroughbred or standard stallions.....	5
Value of same.....	1,400
Thoroughbred or standard geldings.....	4
Value of same.....	350
Thoroughbred or standard mares and colts.....	13
Value of same.....	875
Stallions of common stock.....	46
Value of same.....	5,705
Geldings, mares and colts, common stock.....	4,419
Value of same.....	167,905
Mules and mule colts.....	471
Value of same.....	18,485
Jacks.....	28
Value of same.....	3,850
Jennets.....	25
Value of same.....	1,275
Bulls (thoroughbred).....	3
Value of same.....	80
Cows and calves (thoroughbred).....	860
Bulls, cows and calves (common stock).....	5,524
Value of same.....	87,415
Sheep.....	12,368
Value of same.....	20,992
Hogs.....	8,483
Value of same.....	42,183
Value of agricultural implements.....	14,940
Value of agricultural products, after deducting crops grown within the year and on hand.....	55,125
Value of wagons, carriages, &c.....	42,165
Value of slaughtered animals.....	275
Value of sewing and knitting machines.....	1,860
Value of safes.....	195
Value of household and kitchen furniture.....	248,665
Value of manufacturing implements.....	3,975
Value of pianos, &c.....	6,565
No. of diamonds.....	41
Value of same.....	2,235
Value of watches and clocks.....	3,140
Value of jewelry.....	570
Value of silver and plated ware.....	780
Value of steam engines and boilers.....	7,795
Steamboats.....	3
Value of same.....	3,150
No. of stores.....	29
Value of same.....	309,025
Miscellaneous.....	80,825
Grand total (after all exemptions).....	\$9,338,824
Amount of exemptions on household goods and other personal property.....	357,189
Legal voters.....	3,874
Children between 6 and 20 years.....	3,248
Pounds of tobacco.....	4,162,700
Tons of hay.....	4,248
Bushels of corn.....	461,020
Bushels of wheat.....	209,181
Bushels of oats.....	3,250
Bushels of grass seeds.....	405
Acres of wheat raised.....	10,198
Acres of corn raised.....	12,819
Acres of meadow.....	4,347
Acres of woodland.....	2,909
Acres of tobacco.....	5,409

The above crop statistics are for 1893. The following are the figures for 1892:

Pounds of tobacco.....

Tons of hay.....

Bushels of corn.....

Bushels of wheat.....

Bushels of oats.....

Bushels of grass seeds.....

Death of Mrs. W. H. Wilson.

Mrs. W. H. Wilson, whose critical condition was recently mentioned in the BULLETIN, died Friday morning at 4 o'clock, at the family residence in Manchester, after a lingering illness. Her husband and one son survive her.

Deceased was a daughter of Mr. and Mrs. David Mannen, of Minerva, and her remains will be taken there to-day for interment. The funeral will occur at Minerva Christian Church Sunday morning at 10 o'clock, services by Rev. W. W. Hall.

Mrs. Wilson had many friends in Minerva who will regret to learn the sad news of her death.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

TORNADO policies—W. R. Warden, agt.

FIRE, wind and tornado insurance, by Duley & Baldwin, Court street.

THE C. and O.'s county taxes in Bracken amount to nearly \$2,500 this year.

JAMES E. GILLESPIE and family have moved from Dover to Mt. Sterling.

FIRE, cyclone and tobacco in barns, insured in reliable companies by D. M. Runyon.

Du. S. M. Worthington, of Versailles, sold his residence at that place this week for \$2,500.

SUBSCRIBING now for stock in tenth series of Limestone Building Association. Call on any of the officers.

CAROLINE ROBINSON, an old colored woman, fell into a grate at Lexington and was burned almost to a crisp.

THE best tooth powder is Chenoweth's Dentine. It preserves as well as cleanses and beautifies the teeth. Try it.

THE shoe factory at Georgetown, O., has lately increased its force, and has orders now in excess of its capacity.

SUIT. MITCHELL of the Georgetown (O.) schools, well and favorably known in this county, was critically ill at last accounts.

MESSRS. JOHN T. MARTIN & CO. are reducing prices on all their goods in order to raise cash. Anyone will do well to give them a call.

THE Pastors' Union of the city of Maysville will meet in the study of the Rev. Mr. Watts in the M. E. Church, South, on Monday next, at 3 p. m.

THE postoffice employees presented Mr. Thomas A. Davis, the retiring postmaster, with a handsome gold-headed cane Friday as an evidence of their esteem.

L. C. ANDERSON, of North Middletown, sold at Lexington February 9th, his four-year-old trotting mare, "Winnie Davis," for \$1,100. She has a record of 2:25 as a three-year-old.

THE Chesapeake and Ohio report their theatrical train from Huntington Thursday a great success. Over three hundred people went down and returned on the special train at 11:50 p. m.

JAMES BALLEW and Grant Collins, the young toughs who wrecked a Kentucky Central train near Livingston several months ago, have each been sentenced to ten years in the penitentiary.

THE parties who enjoined Colonel W. W. Baldwin and his Lexington turnpike company from collecting toll at the gate near Millersburg for four months in 1892 will have to pay \$150 damages. They were sued for \$850.

DON'T fail to see the beautiful silver, gold-lined tea set in Ballenger's window. It is the very finest quality, and marked down to the low price of \$25 for entire set, and will be marked down \$1 every day it remains in the window, till sold.

THERE will be no sermon at the First Baptist Church to-morrow morning, but at night Rev. H. H. Hibbs, the popular pastor of the Mayslick Church, will preach. The public cordially invited to hear him. The pastor, Rev. Robert G. Patrick, will be at Minerva.

THE men's meeting Sunday afternoon will be led by Dr. J. D. Quantz. Subject, "Aro We Growing?" This is a practical one and should enlist your hearty support and sympathy. Come out and bring friend with you, enjoy the warm and cheerful room, make yourself at home, read good literature which can be found in the library, enjoy good, soul-stirring singing. Room open all day and you are cordially invited. Remember the hour, 3 o'clock.

THE Methodist Episcopal Church extends a cordial welcome to one and all who may desire to worship with them to-morrow in one or more of the following services: Sunday school at 9:15 a. m. sharp. Preaching at 10:30 a. m.; topic, "One of Christ's Commissions To Believers." General class service for all at 2 p. m. Epworth League devotional meeting at 6 p. m.; topic, "Saul: Rejected of God." Preaching at 7 p. m.; topic, "One Thing." Good music and a comfortable pew.

D. P. Holt, Pastor.

OLD Bracken Baptist Church at Minerva will celebrate its centennial anniversary to-morrow. The church has been recently repaired, papered and painted, and will be re-dedicated to-morrow. Rev. R. G. Patrick of this city will conduct the services. A protracted meeting will follow. The Dover News says: "Bracken Church was organized by Lewis Craig in 1793, joining Bracken Association when Elkhorn Association was divided in 1798. This church is the third organized in Mason County. The last pastor was Rev. Barber about twenty years ago. They have recently called Rev. C. D. Mitchell of Dover."

POOL ROOMS.

The Bill to Suppress Them Will Likely Pass—Doings of the General Assembly.

Kentucky will probably soon be rid of the pool rooms. A special from Frankfort says: "It has been urged that the present law on the subject is sufficient to suppress them, but they still exist, and are a standing detriment and menace to the breeders' interests, hence the necessity for a new and strong enactment. The bill, which has already passed the Senate, absolutely prohibits pool selling in Kentucky, except on the tracks where races are being run. It prohibits foreign books at any track and limits the racing period to the time between April 15 and November 15.

This bill was up for consideration Thursday, and a delegation of breeders representing over \$2,000,000 worth of horses and breeding establishments was present, Colonel E. F. Clay, Milton Young, H. F. Headley, S. L. Lyne, of Lexington; Colonel Catesby Woodford, of Paris, and Colonel Lou P. Tarlton, of Frankfort, being among the number. Colonel Clay made a statement in favor of the bill on behalf of the breeders, and Jack Phelps, the attorney for the Louisville pool-room, opposed the passage.

The sentiment of the House seems to be in favor of the bill, and the chances are in favor of its passage, though the pool rooms will make a strong fight to kill it.

In the House the bill on education was amended and passed.

Dr. Denny's bill to regulate the practice of medicine and provide for registration of physicians in this State was reported adversely by the Committee on Public Health and killed.

Mr. Hubbard's resolution, inviting the Grand Army of the Republic to hold its 1895 encampment in Louisville, was adopted.

The Senate passed the bill fixing the pay of the Legislative officers at the same as that of last session.

The bill appropriating \$65,000 to the Central Asylum, \$65,000 to the Western, \$30,000 to the Eastern and \$10,000 to the Deaf and Dumb Asylum at Danville was passed unanimously, receiving 35 votes.

USUAL services at M. E. Church, South, to-morrow.

BEFORE buying silver spoons or forks don't fail to call and see P. J. Murphy's the jeweler's stock. Prices fully 15 per cent less than any other house. Successor to Hopper & Murphy.

FRANK VOGELBACH has filed suit against the Maysville and Big Sandy Railroad Company and the C. and O. Railway Company to recover a \$4,000 judgment for damages sustained to plaintiff's property in Dayton.

BUD LOWRY, who killed Walker Bradley at Nepton Sunday night, was still at large at last accounts. The examining trial of Mason Lowry, Henry Ewing and Robert Palmer, charged with being accessories before the fact to the killing, is set for next Wednesday.

JOHN L. CRAIN, of Flemingsburg, was found in an unconscious condition in his yard one night this week. He had stepped out doors, and was knocked senseless by some fellow who was prowling about the premises. At least, that's Mr. Crain's version of the affair.

MRS. MELINDA COLEMAN, colored, who claimed to be the oldest woman in Kentucky, died at her home in Louisville Thursday. She was born in Virginia, on Christmas Day, 1785, in slavery, the property of the late Governor Meriwether, and was 108 years of age.

THE farm of Attorney General W. J. Hendrick, near Frankfort, containing nearly seven acres, was recently sold by Commissioner Posey to the Frankfort Safety Vault and Trust Company for \$12,500. There is a magnificent residence which alone cost several times as much as the whole property brought, says the Fleming News.

JOHN THOMPSON, aged about fifty-eight years, living near Fox Springs, was killed Wednesday morning by being struck by a limb of a tree he had cut down. The falling tree struck another and a large limb was broken off and hurled toward Mr. Thompson, striking him and rendering him insensible. He was carried to his home by friends, and died about four hours after the accident.

THE 9 a. m. mixed train on Flemingsburg's narrow gauge road was wrecked on Botts' trestle in that city Thursday morning. Rotten ties which caused the rails to spread was the cause of the accident. The train consisted of three stock cars and one passenger coach. But few passengers were aboard, and they were not seriously injured. The little daughter of Mrs. Sarah Edwards was thrown against the stove and slightly burned and bruised. All the cars will have to be sent to the shops for repairs.

Lamb's Wool Socks and Stockings now 19c.; our \$1 Bed Comforts now 69c.; best \$1.25 Satin Bed Comforts 89c.

ROSENAU BROS., PROPRIETORS OF BEE HIVE.

AT THE SAME PLACE.
Another Train Robbery on the Southern Pacific Road.

LOS ANGELES, Cal., Feb. 17.—Southern Pacific train No. 20 was robbed at Roseco station Friday morning about 1 o'clock. This is the place where the same train was robbed about six weeks ago. The train was delayed in leaving here and did not get away until about 11:30 p. m. It was heavily loaded with passengers and the Wells-Fargo company's shipments were unusually heavy. The train reached Burbank, about six miles north of the city, and reported back all right.

At Roseco, four miles north of Burbank, there is no station but a siding. As the train approached the switch, the engineer, Thomas, saw, too late, that the switch was misplaced, and vainly tried to stop the train, but he could not do it, and the engine and two fruit cars of oranges went into the ditch, the engine turning over and burying Fireman Masters. Engineer Thomas jumped and escaped. The two fruit cars were a total wreck.

As soon as the wreck occurred three masked men sprang up out of the bushes and commenced a fusilade, and every one knew that the mission of the desperadoes was robbery. A few seconds later a couple of dynamite bombs were placed under the expresscar. The messenger refused to open the car and the whole side was blown off.

Harry Edgar, who had expected this procedure got into the further corner of the car, and, even then, narrowly escaped death or injury from the flying splinters. The robbers then compelled the extra fireman who had been riding on the engine to get into the car while one sober followed him. This was done to protect the robber in case the messenger fired. Under the command of the masked sober the extra fireman carried the contents of the local box, which contained many sacks of gold, outside the car, where the other robbers were waiting. All this time the robbers kept up a furious fusilade, firing into the train and into the car.

After gathering into portable shape the supposed valuables, the highwaymen turned their attention to the overland safe. These safes are so constructed that it requires much time and patience to open them, and the robbers realized the futility of attempting it, so they left it intact and vented their disapproval of their inability to take even that by a volly from their revolvers.

After gathering together their booty, the robbers placed it in gunnysacks, and mounting horses galloped off in the direction of the mountains.

It is not known how much treasure of the Wells Fargo & Company the robbers made off with, but it is supposed to be a very large amount.

Brakeeman Foster, when he jumped from the train, espied a house nearby with a light in one of the windows. He ran toward it with all speed, got a horse and at once rode back to Burbank at furious speed, waking up the telegraph operator and informing the authorities what had taken place. Sheriff Chine and three deputies at once started in a

curious rainstorm to the scene. A wrecking train followed, and Dr. F. K. Ainsworth went out on a light engine to give care to the injured. The wreck was soon cleared away.

Two trainmen had gotten on the pilot of the engine and were stealing a ride when the locomotive jumped the track. One of them was hurled fifty feet and miraculously escaped injury. The other was caught and hurled beneath the debris of the engine and was instantly killed. His body was horribly mangled and lacerated. His name is Harry Daly. Upon his body was found a letter addressed to Harry Daly, 125 Wall street.

Kentucky Fruit Killed.

LOUISVILLE, Feb. 17.—Mr. J. C. Alexander of Bowling Green, Ky., one of the most extensive fruit raisers in the state, is in the city. He says the recent cold snap has entirely killed the peach crop. He has examined several localities and has not been able to find a single live peach. Cherries and pears have met the same fate and great damage has been done to apples. The trees were almost in full bloom, and the sudden change caught them.

Fought Over Food.

ST. LOUIS, Feb. 17.—While a number of unemployed men were standing in line at St. Mary's infirmary yesterday afternoon in the hope of getting a portion of the food which is being distributed to the poor by the sisters in charge, two of the waiting men got into a quarrel, and one, Eastin E. Eads, was stabbed three times in the neck. He will die. His assailant escaped. His name is not known.

Store and Dwelling Burned.

HICKSVILLE, O., Feb. 17.—The building occupied as a general store and dwelling by Frank Thompson was burned to the ground yesterday. The family narrowly escaped cremation. The fire was incendiary as the front door of the store was found open and the safe rifled. No clew to the perpetrators. Loss, \$29,000; partially insured.

Embezzler Arrested.

KANSAS CITY, Feb. 17.—Frank C. Brady, who in August, 1892, decamped from Portland, Or., an embezzler from the Sunnyside Improvement company of that city, to the extent of \$25,000, has been captured, after a long chase, and is now en route to Portland in charge of officers of the law. Brady first went to England. Some months ago he returned to the United States, came to Kansas in disguise, and settled on a farm near Leavenworth, where he lived until yesterday with a woman known not to be his wife.

Warehouse Burned.

ST. LOUIS, Feb. 17.—A warehouse owned by the Graham Paper company, located at the corner of Sixth and O'Fallon streets, was totally burned yesterday evening. The damage to the building and contents is about \$50,000; fully insured. About 100 employees will be thrown out of employment as a result of the fire. A panic in a Catholic church nearby, where services were being held at the time, was narrowly averted.

STREETS Paved With Gold and Silver.

PORTLAND, Ind., Feb. 17.—The assay of limestone taken from the streets of this city shows it to be worth \$86 per ton. The assay was made by Professor John Hurty of Indianapolis, and shows the following proportions of precious metals in a ton. Gold, 1.9 ounces, \$8; silver, 60 ounces, \$18. The stone is taken from the quarry of Dr. C. S. Arthur, 11 miles west of Fort Recovery, O., and a company will probably be organized to work the vein.

THE MARKETS.

Review of the Grain and Cattle Markets For February 16.

Pittsburg.

DAILY BULLETIN:

You know how it is your self. Doesn't this picture bring up the good days of your youth? How we did enjoy the turkey mother roasted! Well, let us be thankful for the rare blessings vouchsafed us to-day, and with more mature judgment HENRY ORT proposes your good health and invites your attention to the proverb,

Enough

Is as Good as a Feast."

But at the same time he invites your attention to his stock of goods, such as

EXTENSION TABLES,
DINING CHAIRS,
SIDEBOARDS, ETC.

HENRY ORT,

II EAST SECOND ST.

Get the best. You will save money by doing so. The JEWEL GAS STOVES (Heating and Cooking) are made of the best material and are unequalled. Honesty and ingenuity are combined in their construction. Try one. For sale by J. J. FITZGERALD, The Sanitary Plumber and Steam and Gas Fitter.
